SUSTAINABLE FOOD EXPORTER

"Our mission is to bring Vietnamese goods to the world, and we strive to achieve it by consistently delivering high-quality products and excellent customer service. Trust is the cornerstone of our relationship with our customers and partners. We are grateful for your constant support in our development. Together, we're making strides in sharing prosperity. Thank you for your unwavering trust in us!"

from Awafood team

Awafood aims to promote international trade by providing Agricultural products and Frozen Seafoods. We have diversified and extended its distribution network through close partnerships with businesses and strong customer support.

ABOUT US

Sustainable Development

We prioritize sustainable practices to ensure the long-term health of ecosystems and the availability of seafood and agricultural products for future generations.

Quality

We're dedicated to providing top-quality seafood and agricultural products. We make sure our products meet high standards by following strict quality controls during production and distribution. Our certifications from organizations like HACCP, ISO, Global GAP, HALAL, BRC, etc., guarantee that our products meet international standards for excellence.

Partnership

We work closely with factories and farmers, we focus on trust and support each other to share common benefits.

Innovation

We are constantly innovating to develop our products and improve the skills of our team members, in order to meet all the needs of our customers.

QUALITY PROCESS

"With an enthusiastic, dynamic, and highly-experienced team, we keep going into a one-stop exporting company bringing high quality foods to the world. We continuously strive to secure the best products in our importers, create the best-in-class cost efficiency and meet our clients' requirements."

1 AUDIT FACTORY

Assessing Vietnamese factories for quality and certifications, including HACCP, ISO, BRC, ASC, MSC, BAP, BSCI, and HALAL.

2 IN-LINE INSPECTION

Ensuring end-to-end product quality control, from raw materials to the final product, to maintain rigorous oversight.

3 PRESHIPMENT INSPECTION

Our Quality Control team conducts random product testing, approving only those meeting the required standards for shipment.

4 LOADING SUPERVISION

Ensuring proper product sorting within containers, maintaining precise temperature conditions, and verifying accurate quantity.

5 PRODUCT DEVELOPMENT

Offering expert consultation services for quality enhancement, value addition to existing products, and new product development.

OUR CORE VALUE

Quality control

Delivery on time commitment

Competitive price

Long-term partnership

Priority Services

Social responsibility
